HUNS USE RAFTS TO CROSS RIVER

(By Associated Press)
VIENNA, July 25.—Skirmishing continues between Rumanians and Hungarians. The latter crossed the river Theiss at points between Tokai, 110 miles northeast of Budapest and Csongrad, 75 miles southeast of Budapest. The Hungarians used rafts as the bridges were blown up two months ago. The Hungarians claim to have captured a number of prisoners besides food and munitions. Bela Kun, the communist leader, declared he grieved to thus punish the allies but said he notified Premier Clemenceau that this action was necessary if the Rumanians did not retreat from the territory given the soviet by the peace conference.

ITS UNFAIR TO SUSPECT JAPAN

(By Associated Press)
WASHINGTON, July 25.—Senators Robinson, a Democrat from Arkansas, told the senate that the peace treaty provision giving Japan control of Shantung, has been repeatedly misinterpreted. It was unjust to suspect Japan's motives or question her statesmen's declaration that the territory would be eventually restored to China. Senator Robinson said it had been stated by one senator that by the treaty Shantung, with 40,000,000 inhabitants, was taken from China and presented to Japan. The total population, he said, was only 165,000 and the area was small. He asserted that Japan obtained possession by an act of war and, while in possession, secured the agreement of China to recognize any settlement she might make with Germany on restoration of peace. He concluded "no beneficial effect can result if we assume that Japan is acting in bad faith."

GAME PLENTIFUL IN NEVADA THIS YEAR

Game is more plentiful in the central counties of Nevada this year than in many years before. State Game Warden Grover reports after a twelve-day trip which took him through Churchill, Nye, Lander, Eschscholtz and Elko counties. Sagehens, the state warden says, are particularly numerous, and hunters in the district he visited all are getting the limit.

The state warden found that fish are perishing in the streams of Elko and Nye counties because of the extreme scarcity of water. Pools of stagnant water form in which the fish congregate and die. In Churchill county pheasants have propagated to such an extent as to become a nuisance and ranchers are asking relief. The season on pheasants will be closed till next year.

A Moving Tale.
A Yarmouth pork butcher notified his customers that he had sold out by hanging in his window a pig's tail with a card bearing the words: "This is the end of our pork this week."—Pittsburgh Chronicle-Telegraph.

RAPID GROWTH OF POPULATION

(Correspondence Associated Press)
HONOLULU, T. H., July 25.—The annual report of Governor C. J. McCarthy to the secretary of the interior, for the year ending June 30, 1918, has just been made public here. Governor McCarthy estimates the population of the territory at 256,000, an increase of 64,271 or 33.49 per cent since 1910, when the last official census was taken. Honolulu is estimated to have a population of 75,000. Of the total population of Hawaii, 106,000 are Japanese, according to the governor's estimate, 38,000 Hawaiians or part Hawaiians, 29,000 Filipinos, 22,000 Chinese and 42,000 divided among the Caucasian races. Figures are not given for Koreans and other Asiatic races.

Exports for the fiscal year exceeded \$81,000,000 with the imports aggregating \$11,374,718. Sugar to the value of more than \$70,000,000 was exported, with pineapples taking second place. The governor called attention to the fact that in recent years the Philippines have been the chief source of labor for Hawaiian plantations.

The birth rate for the territory is given as 36.71 per 1000. Board of health statistics show that the Japanese birth rate in Hawaii is 42.87 per 1000. These figures recall the prediction made a few years ago by ex-Governor L. E. Pinkham, that within twenty years voters of Japanese parentage would control the political destinies of Hawaii.

Squirrel's Pathetic Search.
In moving some quilts in the cottage of Fred Hayden of Northwest Abbot, Me., five little squirrels were spilled on the floor, one of them being killed. The mother squirrel was quickly on the scene, taking one at a time and hastening upstairs with it. The fourth one she dropped at the foot of the stairs and rushed back with frantic haste, thoroughly looking over the contents of the room for the fifth one. She even climbed to the waists of the men and smelled their hands in her search for her lost baby.—Boston Globe.

The brow-creasing service cap has given way to the cute, cool and less cumbersome straw hat, and the change has everything to commend it.

FIVE SUITS IN DIVORCE CASE

With five separate suits filed on the most complicated divorce cases ever started in the state of Nevada will be heard in Las Vegas in the near future, and according to Las Vegas papers another suit for divorce making six actions in all will probably be filed in the near future. The following from the Las Vegas Age shows the present status of the case:

Mrs. Helen Green, through her attorney, C. D. Breeze, filed suit for divorce Wednesday, against T. H. Green, in the district court in this city.

The filing of this suit, following as it does the filing in Los Angeles county, Calif., on Saturday of last week, of a complaint in divorce action by T. H. Green against Helen Green, produces an amazing tangle of litigation affecting the interests of the Green and Mahana families. Here is the way the game stands at the present writing:

Mrs. Miriam Mahana vs. George T. Mahana—Suit filed in Los Angeles for separate maintenance in which the complaint alleges that the defendant deserted plaintiff while she was sick in bed.

T. H. Green vs. George T. Mahana—Suit filed in Los Angeles for \$50,000 damages, plaintiff alleging that defendant stole the love of Mrs. Green leaving the husband desolate.

Mrs. Miriam Mahana vs. George T. Mahana—Suit for divorce, filed in Los Angeles.

T. H. Green vs. Helen Green—Suit for divorce, filed in Los Angeles. Helen Green vs. T. H. Green—Suit for divorce, filed in Las Vegas. In all probability another suit will serve to still tangle the skein. George T. Mahana, who has nearly completed his six months' term of residency here, is understood to be contemplating divorce proceedings in the local court.

AGRICULTURAL HAND BOOK

Senator Key Pittman has a number of copies of the Agricultural Year book for 1918 to distribute among those farmers to whom this work would be valuable. One of these books will be sent to any farmer who will let the senator know that he desires it.

CITY SWIMMING POOL

Notice is hereby given that the swimming pool will be opened for children daily from 1 to 5 o'clock during which hours no adults will be admitted. Adults will find the baths available during the morning and from 5 to 10 o'clock in the evening. The management has set aside Thursday from 9 to noon for ladies' day.
